DETAILED ACTION

1. Applicants have submitted code listings (paper # 37) in response to a request for code. However, it is noted that many of the programs contain dates which indicate that at least many of the code blocks were developed after Applicant's filing date. Therefore, the 112 rejections are maintained. All other rejections are maintained in so far as Applicants have not amended the claims nor persuasively argued the rejections. Please see papers # 35 (Final Rejection) and # 38 (Advisory Action).

Conclusion

2. This is an RCE of applicant's earlier Application No. 08/889,440. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

3. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event

Art Unit: 2123

will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
